TCC Member Spotlight

Meet Tanya Thorson

Tanya is a People over Everything champion. She always approaches business, people, opportunities with POSITIVE INTENT & always glass half full. She built the marketing team from the ground up and fostered collaboration throughout the entire workplace at Muk Luk. Her contagious energy and savvy long-term business perspective is truly her super power. Tanya has worked with major CPG Fortune 500 national and international companies to creatively build brand value and competitively position them for sustainable growth.

Fun Fact: She has been known to grab an open mic and "hit people with her best shot" channeling a vintage 80's Pat Benatar rock 'n' roll.
